

CHAMPIONS GATE GOLF CLUB International Course

EVENT SPECIFIC LOCAL RULES

1. **LIFT, CLEAN & PLACE** Balls positioned in the player's own fairway, including "the fringe" around the green, may be lifted, cleaned and placed within one club length of the balls original position, and not nearer the hole in play.
2. **CART-MOUNTED RANGE MEASURING DEVICES** are authorized along with handheld range measuring devices.
3. **CASUAL WATER** can be found in areas on the course where the water hazards have overflowed their defined boundaries.
4. **GROUND UNDER REPAIR** The sand bunkers on the right side of Hole #1 and #10 fairways are here declared as "Ground Under Repair".
5. **UNMAINTAINED AREAS** beyond the last cut of rough are "Lateral Water Hazards". For all water hazards not having a painted boundary line, the players shall use edge of the last cut of rough as the boundary and consider the hazard "Lateral".
6. **EFFLUENT WATER DISPOSAL SAND AREAS** having a knee high concrete disposal grate, shall be considered through the green areas. Balls resting within these areas may be "lifted, cleaned and placed" within one club length not nearer the hole and within the sand area. These areas are most noticed on holes #1, #3 and #11.
7. **HOLE #6 BUNKER** within the Lateral Hazard area to the right of the fairway is considered a "Waste Area" and "Through The Green". Balls resting in this bunker only may be lifted, cleaned and placed, within one club length, no nearer the hole and staying within the waste bunker.
8. **HOLE #7 TEEING GROUND** shall be defined by the most forward set of tee markers on the hole, normally from the left front tee box adjacent to the hotel "wave pool" and making the hole approximately 305 yards in length.
9. **DROP AREAS** unless specifically authorized by the Committee shall **not** be in effect.
